# PROCESS

## 1 - Assessment Phase

Our journey with you and your team commences by jointly evaluating your project's needs. During this phase, we define the project's key parameters, including context, scale, budget, timeline, and the requisite skills and qualifications.

## 2 - Profiling

Building on the insights gathered during the assessment, we begin searching the most suitable candidates from our talent pool. Within 72 hours, we present you with a curated selection of fully vetted profiles, ready to join your project.

## 3 - Presentation & Selection

We guide you through the details of the profiles we've identified and are readily available to address any remaining queries or concerns. You have the opportunity to interview and assess the candidates, ultimately selecting those who best fit your project's requirements.

## 4 - Project setup

We take charge of all contractual processes, including the supervision of all temporary legal and compliance resources. Our goal is to ensure that the project is fully prepared for a timely and successful launch.

## 5 - Ongoing Support

We maintain regular communication with both you and our resources, facilitating continuous feedback between all stakeholders. This proactive approach allows us to effectively manage any unexpected changes in scope or timeline, ensuring the project's success.
